Welcome to your new home

Important information for new tenants
about your water bill

Welcome

to your new home.

This leaflet tells you all about your water bill.

Where you live Bristol Water supplies your water and Wessex Water provides your sewerage services.

Bristol Wessex Billing Services Ltd (BWBSL) is our joint billing company. You will be sent one bill for both services.

As the new tenant, you will need to pay for both water and sewerage bills at your home.

You'll need to let us know you have moved in if you haven't already done so.

Tell us you've moved in

As a new tenant(s) you will need to pay for your water and sewerage charges from the date you start your tenancy.

Please tell us you've moved in as soon as you can. You can fill in the form at the end of this leaflet and return it in the envelope provided. You can also call us on 0345 600 3 600 or visit [bristolwater.co.uk/moving](https://www.bristolwater.co.uk/moving)

We will also need to know your last address so we can close your account connected to your previous address if you were a Bristol Water customer.

If you pay by Direct Debit we'll let you know of any change in the amount we take from your bank account each month.

If you pay by standing order, we'll let you know the new amount you need to tell your bank to send us.

Your bill

You'll pay for your water and sewerage services based on metered or unmetered charges. Your housing association or landlord should be able to tell you if the property is metered or unmetered or get in touch.

Your supply

If your property is metered

With a water meter you are billed for the amount of water you use. We read your meter twice a year which tells us exactly how much water you have used. We will also be able to tell if you have a leak or not.

- If you have a water meter, your bill is based on the amount of water you use.
- We read your meter twice a year to accurately measure your consumption
- They can help you identify any internal leaks.
- We install meters at properties with a change of occupier, so many homes already have meters in place.
- When you move into your new home, we will need a meter reading to open an account for you.
- You can provide reading yourself or request a free visit from our team to do it for you.
- If you have a large family or a medical condition that results in high water usage and you receive a means-tested benefit, we may be able to limit how much you pay.
- For more information and eligibility, visit bristolwater.co.uk/help-to-pay

If your property is unmetered

- We will fit a meter when someone new moves into a property, and we do not require permission from your landlord for the meter installation.
- If it is not possible to fit a meter, you will be charged a set fee calculated based on the rateable value of the property.
- Rateable values vary for each property and are determined by the Inland Revenue as of 31 March 1990.
- If you are not on a meter, you will be billed in advance, with charges typically covering the period from 1 April to 31 March.
- If you move in the middle of the year, we will charge you from the date you move in.
- To apply for a meter, please visit bristolwater.co.uk/meter

Ways to pay

Paying your bill by Direct Debit allows you to spread the cost of your water and sewerage services monthly at no extra charge. You can set this up online at bristolwater.co.uk/direct-debit. For more information call 0345 600 3 600.
