**Extra support when you need it**

We want to give all our customers the best service at all times. We know that everyone’s needs are different and we can help through Priority Services.

When you sign up for Priority Services you can:

- ensure you always have easy access to water
- choose how you receive your bill and information
- ask for help with reading your meter
- set up a password for when we visit.

Priority Services is a free service and anyone living in the Wessex Water region can sign up for it.

Spread the word – tell your family and friends about our service if you think it will help them.

It is easy to sign up – see page 4.

---

I am elderly and disabled. I have always had excellent service from whoever has called or visited - polite and kind as well.

Mrs Green from Taunton

I felt so happy and secure because they had really thought about what I needed when my water supply was cut off.

Mr Jones from Dorchester

**Your water supply**

Occasionally we may need to turn off your water supply to carry out essential work like fixing or replacing pipes. We would usually let you know in advance either by letter but we appreciate this may not work for you. We may also need to communicate with you in case of an unplanned interruption, such as a burst.

To help you we could contact you by:

- telephone
- visiting you at home
- contacting carer, family member or friend.

In the event of an unplanned interruption, if the water is going to be off for a while and you would have difficulty collecting an alternative supply of water, we can help by:

- giving you bottled water
- locating mobile water tanks near you if they are needed
- collecting water from mobile water tanks for you and delivering it to your home.

**Particular needs for water**

Let us know if you use dialysis equipment or have a medical need for water and we will try to plan our work around your needs. In the event of a burst main we’ll deliver free bottled water to you and will always keep you updated about when the water supply will be back on.

**Your bill and other information**

We’ll send you your bill and other information in the way that’s easiest for you. We can:

- send your correspondence to a carer, family member or friend on your behalf
- send your bill and leaflets in a different format, including braille, large print, on CD/audio file, or translated into a language other than English
- read your bill over the phone to you

You can communicate with us in a range of ways – find out more on page 9.
**Our password scheme**

We want to give you reassurance when we visit.

- Set up your own password in your chosen format and we'll use it every time we have an appointment with you.

Make sure your password is unique to you to stay safe from identity fraud.

**Reading your meter**

We can help if you have trouble reading your meter. We usually take two meter readings a year to calculate your bills.

- We can take an additional two readings for you if you need us to.

If you can’t access your meter we may be able to move it at no cost to you – please contact us on 0345 600 4 600.

**Knock and wait service**

- don’t worry if you take a while to answer your door - we’re happy to wait for you.

**Bogus callers**

All our employees carry an identity card with their name, photograph and our logo on. They’ll show this whenever they visit. If you have any concerns about a caller ask them to wait outside while you call us on 0345 600 4 600 to check they are genuine or call the police.

Bogus callers and distraction burglars can be persuasive and use tricks to get into your home, but you don’t have to let them in.

**If you’re not sure don’t open the door. Ask them to wait outside and don’t let them in while you call us.**

You can find out more and apply online at wessexwater.co.uk/meter or by calling us. You can request a leaflet and application form by calling 0345 600 6 600 (24 hour automated service).
